## Community Garden Events

# Planting Workshop: Cover Crops

**Saturday, October 19, 2019 from 10 a.m. - 12 p.m.**  
**Everett N. "Eddie" Souza Park & Community Garden**  
**2380 Monroe Ave., Santa Clara**

Cover crops are planted in the fall to improve soil fertility and quality, control diseases and pests, manage soil erosion, suppress weeds, and promote biodiversity. Come help the Garden Coordinator plant fall veggies and learn about the different cover crop you can use in your garden. This is a free family event. No registration required.

## What to expect...

- Be prepared to get dirty
- Where to buy cover crop
- What veggies to grow in fall
- Garden design principles

To RSVP or for information, call the Garden Coordinator at 408-615-3743  
or visit [www.SantaClaraCA.gov/CommunityGarden](http://www.SantaClaraCA.gov/CommunityGarden)
